This next section deals with screening information. We have advanced screening and diagnostic equipment for both Obstructive Sleep Apnea (OSA) and Temporomandibular Disorder (TMD). As usual, I am making sure our patients have access to what most other dental patients in WNY do not have! Conditions such as OSA can be life threatening. We have letters of recommendation from this area's top Sleep Specialists and the associated Sleep Labs because of our dedication and knowledge in this area. OSA affects about 25% of the population. Therefore everyone does not need to be treated. Since this is a medical condition, we can bill your Medical Insurance and NOT take away anything from your current dental benefits. We have already signed up with MANY Medical Insurance companies, including Medicare! Below are basic screening questions that can guide us more to the people who are at risk. Screening forms are NOT perfect! If you think there may be a problem then it is VERY important to mention this to your MD and us!! TMD related issues affect many patients by way of jaw pain and discomfort, headaches, premature breaking and wearing of teeth, restorations breaking down much earlier than normal, etc. As you can see, we are taking a whole body approach to your treatment. Please follow the directions on the following page. You are almost done!!!

PATIENT NAME _____ Birth Date _____Today's Date (mm/dd/yyyy)_____

Obstructive Sleep Apnea (OSA)

Epworth Sleepiness Scale

How likely are you to doze off or fall asleep in the following situations?

	No chance of dozing	Slight chance of dozing	Moderate chance of dozing	High chance of dozing
Sitting and reading	0	1	2	3
Watching television	0	1	2	3
Sitting in a public place	0	1	2	3
As a passenger in a car for one hour	0	1	2	3
Driving a car stopped for a few minutes in traffic	0	1	2	3
Sitting and talking to someone	0	1	2	3
Sitting down quietly after lunch without alcohol	0	1	2	3
Lying down to rest in the afternoon	0	1	2	3

Please add all checked numbers and write total (if not automatically added): _____

Subjective Sleep Evaluation

Please highlight either 'Yes' or 'No' from each question

	No (0)	Yes (1)
Do you snore?	0	1
You or your spouse would consider your snoring louder than a person talking	0	1
Your snoring occurs almost every night	0	1
Your snoring is bothersome to your bed partner	0	1
Do you feel that in some way your sleep is not refreshing or restful?	0	1
Do you wake up in the morning or at night with headaches?	0	1
Do you experience fatigue during the day and have difficulty staying awake?	0	1
Do you have trouble remembering things or paying attention during the day?	0	1
Do you have high blood pressure?	0	1

Please add all checked numbers and write total (if not automatically added): _____

Prior Diagnosis

Prior Diagnosis

	No (0)	Yes (1)
Have you previously been diagnosed with OSA?	0	1

If Yes:

When were you diagnosed? (Appox. Month/year) _____
Were you put on CPAP Therapy for treatment? _____
Are you still using your CPAP every night? _____

Please add all checked numbers and write total (if not automatically added): _____

OFFICE USE ONLY
Advanced screening criteria: If 'yes' to any below, Pt. should be scheduled for advanced OSA screening.
____ ESS ≥ 8 _____ SSE ≥ 3 _____PD ≥ 1
